

Exploration 11: Where does the shoulder blade connect to the collarbone?	49
Keys to mapping the shoulder blade	50
Mapping the upper arm joint	50
Exploration 12: What is the shape of the upper arm bone?	51
Exploration 13: How does the upper arm joint move?	52
Keys to teaching the upper arm joint	52
Humero-scapular rhythm	53
Exploration 14: Which moves first, the upper arm or the shoulder blade?	54
Keys to teaching humero-scapular rhythm	55
Images for the Upper Arm	56
Mapping Movements of the Elbow Joint	58
Mapping the bones of the elbow joint	58
Mapping the ulna	58
Exploration 15: How many bones are in the elbow joint?	59
Keys to teaching the ulna	60
Mapping the radius	60
Exploration 16: How does the radius move?	61
Keys to teaching the radius	62
Images for the Elbow Joint	64
Notes on the Upper Arm and the Elbow Joint	66
Mapping Movements of the Wrist	67
Mapping the bones of the wrist	67
Exploration 17: How is the wrist shaped?	68
Keys to teaching the carpal bones	69
Mapping the movements of the wrist	69
Exploration 18: How does the wrist move?	70
Keys to teaching the wrist	72
Images for the Wrist	73
Mapping Movements of the Hand	75
Mapping the bones of the fingers	75
Exploration 19: How many bones make up the fingers?	76
Keys to teaching the bones of the fingers	77
Mapping the movements of the fingers	77
Exploration 20: How do the fingers move?	78
Keys to teaching the movements of the fingers	80
Mapping the bones and movements of the thumb	81
Exploration 21: How does the thumb move?	82
Keys to teaching the movements of the thumb	83
Images for the Hand	84
Notes on the Wrist and the Hand	87
