| Balance Basics | 23 |
|---|-----------|
| To brace or not to brace | 23 |
| Exploration 1: What does bracing feel like? | 23 |
| Balancing on the bench | 24 |
| Exploration 2: What does it feel like to sit in balance? | 25 |
| Keys to teaching sitting bones | 25 |
| Mapping the hip joints | 26 |
| Exploration 3: Where are the hip joints, | 26 |
| and how do they move? | |
| Keys to teaching hip joints | 27 |
| Images for Balance Basics | 28 |
| Balancing the Head | 31 |
| The head as leader of the spine | 31 |
| Exploration 4: How does your head lead your spine? | 31 |
| Keys to teaching head-leading | 32 |
| Mapping the meeting place of head and spine | 33 |
| Exploration 5: Where do your head and spine meet? | 33 |
| Keys to teaching where the head balances on the spine | 34 |
| Mapping the top of the spine | 34 |
| Exploration 6: How is the top of the spine shaped? | 35 |
| Keys to teaching the top of the spine | 36 |
| Images for Balancing the Head | 37 |
| Mapping Movements of the Spine | 39 |
| Mapping the shape of the spine | 39 |
| Exploration 7: How is the spine shaped? | 39 |
| Keys to teaching the shape of the spine | 40 |
| Mapping the shapes of the vertebrae | 41 |
| Exploration 8: How are the parts of the spine shaped? | 41 |
| Keys to teaching the shapes of the vertebrae | 42 |
| Mapping the movements of the spine | 42 |
| Exploration 9: How does the spine move? | 43 |
| Keys to teaching the movements of the spine | 44 |
| Images for Movements of the Spine | 45 |
| Notes on Balance and the Spine | 46 |
| Mapping Movements of the Upper Arm | 47 |
| Defining the origin of the arm structure | 47 |
| Exploration 10: Where does the arm connect to the rest of the body? | 47 |
| Keys to teaching the S/C joints | 48 |
| Mapping the connection of the shoulder blade | 48 |
